

STEP 1: Remove bowl from box and from protective bag.

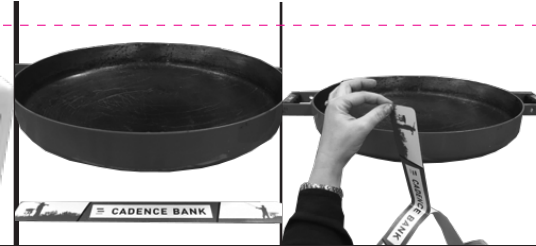

STEP 2: Locate existing long sticker on side of bowl as shown. Peel off existing sticker as shown. You might have to use a knife or blade to lift edge of sticker.

STEP 3: Clean side of bowl where sticker will be placed. Use rubbing alcohol and a paper towel or clean cloth rag to properly clean the area. Let alcohol fully dry before applying the new sticker.

STEP 4: Verify application location of sticker and carefully peel sticker backing off.

STEP 5: Locate side of bowl opposite the FireDisc badge. Center sticker on side of bowl as shown. Sticker should be centered between handles as shown.
